

American Airline Passengers or AAdvantage Members Needed To Save Homeless Dogs!

Northeast Animal Shelter's Sato Rescue Program

There are thousands of dogs wandering the streets of Puerto Rico who are abandoned, abused and neglected. These dogs are called "Sato's" or "mixed-breed street dog" in Spanish.

In 1995, a rescue group in Puerto Rico contacted the Northeast Animal Shelter and prayed that we could help their Sato's. After investigating their program and visiting their area to assess the situation, we readily agreed to help. These dogs were badly in need of special care we were able to provide at the Northeast Animal Shelter.

Since this program has been so successful, we now help other rescue groups in Puerto Rico. When these dogs arrive at the Northeast Animal Shelter, some are eager for their next adventure, while others tend to be a bit shy—until they finally realize they have found lasting love and that they are safe.

DONATE YOUR AA MILES!!

When we do not have a volunteer passenger flying from Puerto Rico to Boston, we cannot save these beautiful dogs. By donating AA miles to our NEAS AA account you will be providing us the opportunity to have passengers fly to Puerto Rico to bring Sato's back to Boston to find their forever homes. It takes 35,000 miles for one round trip ticket to Puerto Rico, the more miles we get donated the more trips we will be able to make to save more dogs. You can either donate miles you have saved up as an AAdvantage member or you can become an AAdvantage member for free and purchase miles to be donated to NEAS.

Visit:

<http://www.aa.com/aa/i18nForward.do?p=/AAdvantage/programDetails/purchasingMiles/purchasingMiles.jsp> "Gift Miles", you can purchase or transfer miles to NEAS. The information you need from us is -

contact name: Marianna Massa, our AAdvantage Member #: 297LLU2 and email:

VOLUNTEERS NEEDED!!

Are you or anyone you know flying from San Juan, Puerto Rico to Boston? NEAS is looking for volunteers who fly on American Airlines to help transport our Sato's to Logan Airport.

What you would need to do:

One of the rescuers will meet you at the ticket counter at American Airlines, San Juan airport. We will need a phone number to reach you while you are in Puerto Rico. You must be present to accept the dogs being signed over to you. The airlines require someone to be responsible for them while in flight. You will receive a baggage claim ticket for each dog. And that's all there is to it. The next time you see them it will be at the Baggage Claim area at Logan Airport. A representative from NEAS will be there to meet our new arrivals. If you would enjoy helping the Sato's on their journey to meet their "forever families", please don't hesitate to contact us. We will be "forever grateful".

To sign up to be a volunteer to help fly our Sato's or for information about donating AA Miles please, contact: Marianna Massa 978-745-9888 or marianna@northeastanimalshelter.org
